8. Document Vault
9. Settings & User Management
10. Team Management & Permissions
11. Subscription Plans
12. Troubleshooting

1. Getting Started & Login

Download the PayLock Pro Admin app from Expo or install the APK provided by your administrator.

Login

1. Open the app and enter your username and password.
2. Tap 'Login' to access your dashboard.
3. If you are the first user, your account is automatically a Super Admin.

Note: Passwords must be at least 6 characters. Contact your Super Admin if you forget your credentials.

2. Dashboard Overview

The dashboard displays real-time metrics for your loan portfolio:

- Total clients and active loans
- Monthly collections and overdue amounts
- Interest earned this month
- Collection rate percentage
- Quick action buttons for common tasks

Tap any metric card to drill down into detailed views. The dashboard auto-refreshes every 30 seconds.

3. Client Management

Adding a Client

1. Navigate to the Clients tab.
2. Tap the '+' button in the top right.
3. Fill in client details: name, phone, email, address.
4. Optionally assign a device using the device token.
5. Tap 'Save' to create the client.

Client Details

Tap any client to view their full profile including:

- Contact information and device status
- Active loans and payment history
- GPS location history (Professional+ plan)
- Document vault access
- Device lock/unlock controls
- Credit score (Enterprise plan)

Bulk Import

Enterprise users can import clients from CSV files. Go to Features > Bulk Import and upload a CSV with columns: name, phone, email, address.

4. Loan Management

Creating a Loan

1. Open a client's profile.
2. Tap 'New Loan'.
3. Select a loan plan or enter custom terms.
4. Set principal amount, interest rate, duration, and payment frequency.
5. Choose the interest calculation method (flat or day-count).
6. Tap 'Create Loan'.

Loan Plans

Pre-configure loan templates under Features > Loan Plans. Each plan defines default interest rates, durations, and payment schedules.

Loan Restructuring

For overdue loans, use the restructure option in client details to modify terms, extend duration, or adjust the outstanding

balance.

5. Payment Tracking

Record payments from the Payments tab or from within a client's loan details.

Recording a Payment

1. Navigate to the loan or use the Payments tab.
2. Tap 'Record Payment'.
3. Enter the amount and payment method.
4. Add optional notes.
5. Tap 'Confirm'.

Payment Reminders

Automated reminders are sent via push notification and email before payment due dates. Configure reminder schedules in Features > Payment Reminders.

Late Fees

Late fees are automatically calculated based on your configured rules. The system applies fees after the grace period expires.

6. Device Lock & Unlock

Lock client devices remotely when payments are overdue.

Manual Lock

1. Open the client's profile.
2. Tap 'Lock Device'.
3. Enter a lock reason and custom message.
4. The client's device will display your message on the lock screen.

Auto-Lock

Configure auto-lock rules under Features > Device Management. Devices lock automatically when payments are overdue past the grace period.

Note: Device Owner mode provides full control including app whitelisting and factory reset protection (Enterprise plan).

7. Reports & Analytics

Access comprehensive reports from Features > Reports.

- Financial summary with profit/loss analysis
- Collection trends over time
- Client health scores and risk distribution
- Monthly interest earned breakdown
- Export reports as PDF or CSV
- Revenue forecasting (Enterprise)
- Portfolio health and NPA tracking (Enterprise)

8. Document Vault

Securely store client documents in the encrypted vault.

Uploading Documents

1. Open a client's profile.
2. Navigate to the Documents tab.
3. Tap 'Upload' and select a file (max 10MB).
4. Choose the document type: ID photo, contract, proof of income, or other.
5. Add a description and tap 'Upload'.

Documents are stored on the server with encryption at rest. Download or delete documents at any time.

9. Settings & User Management

User Management

Manage your team from Settings > User Management.

- Super Admins: Can create admins and users, manage all plans
- Admins: Can create users only, manage user plans
- Users (Viewer/Collections): Cannot create or manage anyone

Changing a User's Plan

1. Go to Settings > User Management.
2. Find the user in the list.
3. Tap the plan icon (tag icon) next to their name.
4. Select the new plan: Starter, Professional, or Enterprise.

Active Sessions

View and revoke active login sessions from Settings > Active Sessions. Each session shows the login time, IP address, and device info.

10. Subscription Plans

PayLock Pro offers three subscription tiers:

Starter (\$29/month)

- Up to 25 clients
- Push notifications
- Basic analytics dashboard
- Email reminders
- Loan calculator

Professional (\$79/month)

- Up to 200 clients
- Everything in Starter
- Device lock & unlock
- Client messaging
- PDF contracts
- Auto payments & late fees
- Team management (3 members)
- GPS tracking
- Advanced reports (PDF & CSV)

Enterprise (\$199/month)

- Unlimited clients & team
- Everything in Professional
- QR & NFC provisioning
- Device Owner mode
- Bank statement OCR
- Document vault
- Stripe payments
- Scheduled reports
- Session management
- Role-based permissions
- Credit scoring
- Bulk import/export
- Full REST API access
- Priority support & SLA

11. Troubleshooting

Cannot Login

- Check username and password are correct.
- Ensure you have an active internet connection.
- Contact your Super Admin to reset your password.

Device Not Responding to Lock/Unlock

- Verify the client device has the PayLock Client app installed.
- Check that the device has an active internet connection.
- Ensure all required permissions are granted on the client device.
- Try sending a push notification to verify connectivity.
